# Making Joe O'Brien proud

*Standardbred Canada's black tie event – named in honor of the legendary Canadian horseman Joe O'Brien and celebrating the best in Canadian harness racing – is the standard by which all other awards banquets should be judged.*

by Dave Briggs

## WIRE TO WIRE

with **DAVE BRIGGS**

For my money, the best banquet in the harness racing world is Standardbred Canada's O'Brien Awards which combines class, brevity, good food and a great after-party into one memorable evening honoring the best in Canadian harness racing.

A former co-worker once lovingly dubbed it the harness racing prom for its black tie / fancy dress ethos and potential for late-night debauchery.

That all the winners – except for the Cam Fella Award honoring meritorious service – are announced, Academy Awards style on the night of the banquet, makes the evening full of suspense and provides occasional surprises.

That winners get to take home the bronze head of legendary Canadian-born Joe O'Brien makes the prize both unique and highly-coveted.

That few winners are afforded the chance to speak thankfully makes the evening fly by.

Hands up if you love a long awards banquet.

Didn't think so.

- The final will be determined by points. The horses with the most points will determine the final.
  - 50 points for 1<sup>st</sup> place finish; 25 points for 2<sup>nd</sup>; 12 points for 3<sup>rd</sup>; 8 points for 4<sup>th</sup>; 5 points for 5<sup>th</sup>. (Dead Heats will be divided evenly)

Yonkers Raceway may cancel any race which has more than a two-horse entry or does not have six separate betting interests. In the event of weather or other unforeseeable cancellation of the final race, a make-up will be made the following week or the next conceivable date. All divisions of a Preliminary must be completed in order for points to be earned.
- One charted line meeting the qualifying standards will be required within 30 days. If continued satisfactory performance is not maintained in races, additional qualifying line(s) will be required and subsequent declarations rejected until this requirement is fulfilled.
- The Blue Chip Matchmaker series will have one (1) free breeding donated by Blue Chip Farms, LLC. The owner(s) of the winner of the Blue Chip Matchmaker Series Final, at the time the series final was contested, will have a choice of one (1) breeding to the following stallions: 'American Ideal', 'Bettor's Delight', 'Roll With Joe', 'Shadow Play' or 'Sunshine Beach'. The breeding awarded must be used with the mare that finished first during one of the following breeding seasons: 2021, 2022 or 2023. If the stallion of choice is not physically available for the year in which the mare is scheduled for breeding Blue Chip Farms, LLC., at its discretion, will provide a suitable substitution. The mare will be bred according to the terms and conditions of the chosen stallion's breeding contract, said contract to be provided by Blue Chip Farms. Any changes may only be made with the consent of Blue Chip Farms LLC.
- If a tie results and the dual winners wish to utilize the same stallion breeding choice, the award of that stallion's breeding will be decided by lot.
- Judges official order of finish will be used in determining eligibility to the Final events (Consolation & Final), exclusive of all appeals yet to be decided at the time of declaration to said events. In the case of a positive drug test, all appeals will be excluded from eligibility to Final events until they are resolved by adjudication.

## How does the Hambletonian compare to the Prix d'Ameriqué as a spectacle and whatever happened to Bill Fahy and Eric Ledford?

by Ron Gurfein

**Tidbits:** It's been almost a week already but I had to start my column with R.I.P. KOBE.

\*\*\*

How do you catch a criminal? Do you call him and tell him you are waiting in the wings for him to strike? I think NOT. Why on earth when a racing commission has a test for a new powerful performance enhancing drug would they publicize the first trainer they catch? Simple, because they don't want to catch any more and that in a nutshell is a major part of the problem we are facing in our sport.

When the New York State Gaming Commission discovered the presence of IOX2 (a drug that yields similar results to EPO) in two Yonkers horses trained by Michael Temming ([official ruling here](#)), they should have kept it under wraps because some others will surely try it. But, as usual, it hit the headlines and now all the poor souls that went out and bought it are safe from discovery but lost a few bucks buying the drug. Please note that buying the drug was simple as using the Internet. Just Google IOX2 and the first five responses tell you about the drug and all offer overnight delivery, WONDERFUL.

\*\*\*

I loved Brett Sturman's piece on elimination of elimination races. His ideas of following the format of the Kentucky Derby with point races leading up to the event is sensational. Not only would it make for better wagering races but it would free up so many racing dates and eliminate stakes conflicts and pave the way for new races to be created.

**Paul Chambers asks: How do you compare the Prix d'Ameriqué with our Hambletonian as an extravaganza?**

It's not a fair comparison because never in the long history of the Hambletonian has it ever been made into such an enormous event. To begin with, Sunday's race in Paris was the 100th anniversary and they went all out. I have been to Vincennes and the day was not nearly as grandiose. In order to have a spectacle like that you need a lot of space and a lot of money to burn, neither of which is available right now at the Meadowlands or any racetrack in the U.S. or Canada that I am aware of.

That said, the 100th anniversary of the Grand Prix d'Ameriqué certainly did not disappoint. Aside from the fact I was routing for Daniel Reden's Propulsion, who was unfortunately trapped for his life behind the fading Looking Superb, all else was wonderful.

We learned why the wonderful Italian horse Zacon Gio, the formidable winner of the Yonkers International Trot, opened on the Yonkers odds board at 6-5 and remained there after being stamped with a 12-1 morning line, and then won the event with such ease. The only non-indigenous race on his card was an international event in which he defeated Face Time Bourbon the easy winner of this year's Paris classic ([full story here](#)) who went to post at 4-1 in the \$992,000 Grand Prix d'Ameriqué.

The Le Trot video stream from Vincennes was fabulous and the race coverage lasted almost an hour when you added in

the post parade and the after-race ceremonies. The pageantry was amazing and the fact that all the participants that were interviewed – whether Swedish or Italian – were multi-lingual surprised me when interviewed in French by the French press. I loved the fact that the first three drivers to finish were all part of the ritual. Five beautiful girls dressed in red white and blue riding attire adorned the stage that was surrounded by children in driving costumes.

The graphics and the sharp picture provided by Le Trot was so clear and so well done that if you didn't speak a word of French and you had a list of the horses in front of you it was very easy to follow the race. The numbers were very visible and to add to the experience the horses had microchips in their saddle pads so you were constantly viewing a graphic with the exact location of every horse in the race.

Bjorn Goop,, the winning driver was presented a liter of champagne which he proceeded to open and spray the crowd and the press.

It was an hour of reverie that we in America could learn a lot from.

**Bill Bigler asks: There was a thread on Facebook that you asked about what would happen to the Mohawk Million if the winner of the William Wellwood's connections already had a slot? What was your reaction to the answers?**

There were no less than 50 comments and not one really answered my question. Clay Horner came the closest by sending me the conditions on the WEG website that was not helpful as I didn't have the time or inclination.

I was however fascinated by one topic. A major player in the sport who will remain nameless in this column for obvious reasons as you read on, suggested that because the owners are putting all the purse money up, as well as paying the entry fee for the Wellwood winner, that the driver and trainer fee should be cut to 2.5 per cent.

To say the least, I was less than enamored with the idea.

Trainers and drivers are the biggest bargain in the industry. Thoroughbred trainers and jockeys get 10 per cent and for the most part do less work and make more money.

My feeling is that our trainers and drivers should get 10 per cent also. There are guys that get 10 per cent now. I know I got 8 per cent when I was training and had no complaints. A few questioned the price but no one cared.

The winning owner gets \$450,000 net, why begrudge the trainer and driver 2.5 per cent each which would be a difference of \$12,500 instead of \$25,000?

My gut feeling is if you tried to do that, the top trainers and drivers would abstain and I certainly wouldn't blame them. If you have the money to put up \$110,000 to possibly win \$450,000, which in and of itself is like supplementing to the Breeders Crown (without knowing the competition) why would you care about paying the trainer and driver \$12,500?

**Marvin Friedman asks: (I have received this question previously and thought it was someone pulling my leg but the repetition proves me wrong) It seems the starting gate at Mohawk opens at the 16th pole clearly before the finish line. If that is correct does the timer start when the horses cross the finish line?**

Sadly you are under a misconception. The only time races start and finish at the same point i.e.: the finish line, are on mile or half mile tracks. On a five-eighths mile it is less confusing as the start is on the backstretch and the finish is in front of the grandstand.

Mohawk is a seven-eighths mile oval and therefore the start is much closer to the finish line which is just what is confusing you.

**Thomas Santoro asks: Tell me about two Hambletonian winning drivers that are no longer in the Meadowlands driving colony. Why are Bill Fahy and Eric Ledford no longer in the metropolitan area?**

## 2020 GENERAL RACING CONDITIONS

The Rules of Racing of the Alcohol and Gaming Commission of Ontario (AGCO) in effect at the time the race is contested shall govern this race and any and all entries to the race will be received only with the understanding and on the agreement of the subscriber that the Rules of Racing govern, and that the following additional conditions apply:

1. At the absolute discretion of the HOST track, the entries of any person (including this entry) or the transfer of any entry (including this entry) may at any time be refused and/or cancelled without either notice or reason being given and without liability except for the return of any subscriptions paid on an entry or entries refused and/or cancelled.
2. Subject to the said Rules of Racing, the HOST track reserves the right to cancel the race without liability therefor upon repayment of all subscription fees, if any, paid on such cancelled race.
3. The HOST track reserves the right to change the time and/or place of the race in its absolute discretion, subject, however, to the Rules and Regulations of the AGCO.
4. Purse distribution: 50 per cent, 25 per cent, 12 per cent, 8 per cent, 5 per cent, unless otherwise stated in the conditions. Purse distribution for added money events may be held for a minimum of 15 days.
5. All races to be a distance of One Mile (1609 M) unless otherwise stated in the conditions.
6. Horses will earn points in each of the 5 legs to qualify for the final. Points shall be awarded as follows for each finishing position:  
1st = 50 points   2nd = 25 points   3rd = 12 points   4th = 8 points  
5th = 5 points   6th = 3 points   7th = 2 points   8th = 1 point  
Should a Prospect Series event fail to fill due to lack of entries horses may declare in the corresponding Gold & Grassroots event. All horses that entered into a Prospect Series event that fails to fill shall receive 5 points.
7. For each series conducted (unless otherwise stated in conditions): the Final event will be limited to nine horses according to the highest point earners in the series. All horses must declare in for the Final. If one of the nine highest point earners fails to declare in for the final, the next highest point earner declared will become eligible to the final. If the number of horses tied in point earnings for the last eligible starting position increases the field to more than nine horses, they will be drawn by lot to constitute a nine horse field. If enough point earners fail to declare in for the final, starters in the series that are not point earners and declared for the final may increase the field to nine horses, and such horses will be drawn by lot. If there is more than one division of the preliminary races, each division will race for 100% of the advertised purse. If there are more than 4 divisions of a preliminary leg, some divisions may be carried over to the next racing day.
8. Two Also Eligibles may be carried on the Final Event.
9. \*\*Ontario Sired means bred by a sire that was registered in the Ontario Sires Stakes program in the year of the breeding. \*\*
10. U.S. Funds will be accepted at the fees designated on the stake conditions. U.S. funds will be converted to Canadian funds when deposited to the bank.
11. All post positions will be drawn by lot unless otherwise stated in the conditions.
12. In series races a leg or a race shall be cancelled if less than five separate betting interests are declared to start or due to weather or track conditions. A cancellation of a leg will not affect the running of the remaining legs of the series.
13. Each Prospect Series event shall be numbered corresponding to each Gold & Grassroots event. A horse that participates in a Prospect Series event shall not be able to declare into the corresponding Gold & Grassroots event. Also, any horse participating in Gold & Grassroots event may not declare into the corresponding Prospect Series event.
14. Any horse that declares into a Prospect Series event that fails to fill may declare into the corresponding Gold or Grassroots event.
15. All horses who participate in the Prospect Series final will not be eligible to be declared into in the Grassroots Semi Final or Gold Super Final.
16. All nominated or supplemented horses must be registered as twins that were carried by the natural mother to term, or the only foal of the dam in any given year, or if produced through embryo/ovum transfer, must be the donor mare's first born foal in any given year.
17. No Also Eligible will draw in to race after wagering has opened.
18. A breach of any of these General Racing Conditions and/or any applicable racing rules and policies of the HOST track that are in effect at the time of racing may result in fines, suspension of privileges, the loss of any or all nomination fees, sustaining fees and/or starting fees, and/or eviction from the premises of the HOST track.
19. Qualifying standards for all added money events are governed by the Rules of Racing of the AGCO.
20. All nominating and all sustaining payments must be postmarked no later than due date. Failure to make a payment when it is due constitutes automatic withdrawal from the event. Ontario Racing Management recommends that if payments are being mailed, that receipt of mailing is kept. It is suggested that payments be made by registered mail or be hand delivered to ensure safe delivery.

local scene for very diverse reasons. To begin with, Bill Fahy is much older than Eric Ledford and just had enough of the circus that is the Meadowlands and the Grand Circuit. It is a life that you must devote all your time to. You have little time for friends and family and to some this can wear very thin.

I hate to talk for anyone and if I am wrong I hope someone points it out to me but I think Bill's case was simply moving on to greener pastures. I have seen him at The Meadows and he seems happy as can be. If I were you I wouldn't read anything else into the story.

Eric Ledford on the other hand did get into some trouble in New Jersey. Unfortunately it may have been his father Seldon, that caused him the problems but I am not privy to the exact details and certainly will not speculate on the matter. An amazing talent on the racetrack, Eric was suspended in 2006 for possession of PED'S (performance enhancing drugs) and attempting to alter the outcome of a sporting event. He was given a major financial penalty as well as a 10-year suspension. The fact that the sentence was reduced by virtue of a plea bargain to one year for failing to turn his father in tells me that he may not have been as big a part of the scheme as was originally thought. One way or another, the demise of Eric Ledford in no way resembles the life choices

of Billy Fahy.

***Sy Fuchs asks: It's been six months since the Josh Marks situation at Pocono Downs. Do you know what has transpired since then?***

I previously remarked that after speaking with the powers that be at Pocono, their hands were tied because you can't suspend the license of an individual if he doesn't have one and they were not likely to get in a court battle on a charge of disturbing the peace.

However, I did read somewhere that he was arrested for assaulting one of Ronnie Burke's employees recently in Florida.

Marks is a lot like DEXTER. He just can't help himself and I predict he will be back to his old tricks ASAP.

Thanks again for all the kind words. Please keep the questions coming in and have a wonderful week.

## **Pompano proves case for traditional Pick 6**

*by Brett Sturman*

This past Tuesday, Pompano Park set a track record for its Pick-6 pool when handle for the wager topped \$112,000. As with its other multi-race wagers, which have surged in popularity, Pompano's Pick-6 breaks from the norm of other tracks in one critical area – it's not a jackpot wager.

Pick 6's of any type in harness racing are a rare breed these days, with only Northfield Park and Cal Expo as tracks that

come to mind offering a variation of the wager. But following the models of almost every thoroughbred Pick-6, those tracks offer a "jackpot" component to the bet. In a jackpot scenario, unless there is a single-ticket winner, only a portion of the wagering pool actually gets paid out to the winning ticket holders.

Using Northfield Park's "Single Six" wager as an example, the standard nightly takeout is 14 per cent. So far so good, but the trick is that unless there is a single winner, 50 per cent of the pool will carry over to the next card. So, in essence, the nightly takeout is a hard-to-fathom 64 per cent. It almost doesn't seem like that should be allowed.

Pompano, on the other hand, does not have the jackpot trigger. With a low 15 per cent nightly takeout, if you hit the Pick-6, you'll get the entire pool for that night minus the takeout and splits among any other winners. That is a large part of the reason why, heading into the Tuesday card with a carryover of \$31,977 from five prior race cards, that over \$80,000 new money was bet into the wager.

Whereas jackpot wagers produce an advantage for bettors maybe once or twice a year on closing days when it becomes

mandated that the entire pool be paid out, such advantages exist for bettors daily in the traditional Pick-6 model at Pompano. Pompano's announcer Gabe Prewitt, who has other track responsibilities as well as leading the social media wagering contingency, says of the traditional Pick-6 "It's a cool bet. You can turn a regular Tuesday like we did this week into a hell of a party night. And then you see the dividends. It's a low takeout bet to start with, and one of our (#SendItIn) guys spent \$36 and turned it into over \$6,600."

For Prewitt, balancing the guarantees for all the multi-race wagers has become somewhat of a balancing act due to the always increasing popularity of the wagers. Looking back at this past week, "We had a \$26,000 Pick-4 carryover from Sunday because they missed it on Sunday and they bet \$95,000 new money on Monday. They just steamrolled it, and again, the biggest price was 6-1 with two 6-5's in the middle of it and it paid almost \$700, we had a lot of people tweeting that hit that. It was the perfect storm that worked out because Sunday is our best night in the Pick-4 and then we got the big carryover in Monday."

"I actually would have gotten a little more aggressive with the guarantees, but what kept happening was – and I guess this is a good problem to have – is that would have two major carryovers and the sequences would overlap. For instance, on Monday we had the \$26,000 Pick-4 carryover from Sunday, but then we also had the Pick-6 carryover at \$13,000 that night. So, maybe I wasn't as aggressive as I would have been with only an eight-race card with the Pick-6 starting in the third race and the Pick-4 starting in the 5th race, and then we come right back on Tuesday where they missed the Pick-5 from Monday. On Tuesday, it was a Pick-5 with a \$7,000 carryover and they bet \$59,000 new money into it which was unbelievable, but then the Pick-6 started two races later in the third race, so again, I made the guarantee only \$75,000 even though it was a \$32,000 carryover. Because a lot of people bet on the Pick-4 and Pick-5 some nights, they're easier to hit and some of the smaller bankrolled guys don't want to put together huge tickets and sometimes will fade the Pick 6's off a little bit. It can be a weird bet and you can't always depend on it like you can the other two."

The great thing about Pompano is that when they advertise a guarantee, it truly is a guarantee. Unlike other tracks, where it's only a guarantee under rare occurrences. And bettors are responding accordingly, as handle on the Pompano multi-race wagers are up approximately 30 per cent from just last year.

Along the way somewhere, I'm presuming that someone determined it was more beneficial for tracks to go the jackpot route and have one or two big handle days and that would outweigh the accumulated handle from the

traditional route. But I don't know if that's even true to begin with.

I remember back 15 years now when the Meadowlands offered a traditional Pick-6. At one point there was a Pick-6 day that handled over a half-million dollars as there was a multi-day carryover of a couple hundred thousand dollars. Just as the Meadowlands did prior and as Pompano did this week, if you can string together a few days of carryovers, you're going to end up with massive size pools that benefit players on a regular basis, not just once a year.

The irony is that Pompano actually could offer a jackpot Pick-6 bet and it wouldn't be as bad for players as it could be elsewhere. In general, Pompano is still a small market track and the odds of being the lone ticket holder of a Pick-6 is much more likely than being the lone ticket holder for a comparable bet at the Meadowlands or at Woodbine.

Just like tracks that could be shunned for higher takeout, others should be rewarded for lower takeout. For some tracks the only time it makes sense to bet a Pick-6 is their last day. At Pompano it makes sense every day.

## Golden Paradise has 'exceeded all our expectations'

by Ken Weingartner / USTA media relations manager

What a difference a year makes.

Last January, female pacer Golden Paradise was competing in the Claim to Fame Series at Miami Valley Raceway. This January, she is already a two-time winner of the fillies-and-mares open at the same track, where tonight (Jan. 31), she will try to capture her third in a row.

And, in between, she won the Indiana Sire Stakes championship for pacing mares.

So, it's safe to say trainer/co-owner Tyler George is very grateful Golden Paradise was not claimed a year ago.

"No kidding," George said with a laugh. "I would have been kicking myself, that's for sure."

Golden Paradise, a 6-year-old daughter of Allthatgltrsisgold out of Paradise Island who began her career on the Indiana fair circuit, is the 5-2 morning-line favorite in tonight's \$22,500 fillies-and-mares open handicap. She will start from the outside, post No. 7, with driver Trace Tetrack.

For her career, Golden Paradise has won 30 of 86 races and \$259,302. Her current ownership group, made up of George, Sam Schillaci, and Wrenn Jr. Racing, came together in November 2018. After working with the mare to resolve tying-up issues and changing her routine, she began to click on a more consistent basis. Since the beginning of 2019, she has won 12 of 28 starts and \$157,675.

"She hasn't really changed physically much," George said. "She calmed down a little bit, just kind of matured. She's become a professional. We've had some nice mares that are faster than her, but she just never has a bad day. She just always puts in a good effort every time."

Brad Conrad

**Golden Paradise (Trace Tetrack) is the 5-2 morning-line favorite in tonight's \$22,500 fillies-and-mares open handicap at Miami Valley Raceway.**

"I really appreciate that about her. She's very consistent. And she's very easy to drive. Trace said the other day he could drive her with no handholds right now. That's hard to find. Plus, she's very versatile. She'll race just as well off a trip as if you put her in play."

Golden Paradise's current form shows three wins and two seconds, both by a head, in her past five races. George, who was among the horse's trainers prior to owning the mare with Ronnie Wrenn Jr. and Schillaci, said her breeding also might be a factor in her development.

"She's out of an Abercrombie (sired) mare, you don't see that very often in the program anymore, and those horses, years ago, just got really good when they got older," George said.

After the mare began to show improvement last year, her connections supplemented her to the Indiana Sire Stakes. She will compete in the sire stakes again this season.

"She fits pretty good with those horses, I think," George said. "Beyond that, it would probably be hard for her. We'll just keep her around here and have a little fun with her. We'll race at Miami Valley and Hoosier a little bit, maybe Scioto. She's already exceeded all our expectations."

Regardless of where Golden Paradise does compete, it is safe to say where she will not race anytime soon.

"No more claimers," George said, laughing.

Racing begins at 6:05 p.m. (EST) tonight at Miami Valley Raceway. For complete entries, [click here](#).

## Like Ol' Man River, JL Cruze keeps rolling along

by Ken Weingartner, USTA media relations manager

Wherever he goes, JL Cruze is still the man.

"Everybody knows him, everybody loves him," trainer Eric Ell said about the 9-year-old trotter, who was a Dan Patch Award winner in 2015. "He's a household name around here. Everybody asks about him when he's not racing to make sure he's all right. They keep track of him. When people see him, they come up hugging on him. He's been unbelievable."

JL Cruze might not be the Grand Circuit warrior of old, but he remains a fighter. And with two wins in three races this season, including a 1:51.2 score that is as fast as any win time he's posted since he was 6, he could be looking to turn back the clock. In addition to his 1:51.2 victory at The Meadowlands on Jan. 11, JL Cruze won in 1:53.4 over a track rated good because of inclement weather on Jan. 18.

"He was incredible his last two starts," Ell said. "Two starts ago, he did it the old-fashioned way, like his old self. He was parked to the half in :54.3 and he won by a length and a half, last quarter :27.3 on the end of it. The next week, that was a great mile that night and he did it easily."

"He's probably as sound as he's been since I've had him, and he loves doing what he does. He's better this year, even with the turns. You used to almost have to grab into him a little bit because he could get rough going. (Driver) Dexter Dunn said he's just whistling right around the turns now."

JL Cruze's next start is Saturday at The Meadowlands in the preferred trot. JL Cruze will start from post 10 in a field that includes Pappy Go Go, who brings a three-race win streak to the event.

"If he's as good as he was the last three starts up there, they'll know he's in there for sure," Ell said about JL Cruze.

Michael Lisa

**JL Cruze (Dexter Dunn) is still rolling at age 9. He starts Saturday at the Meadowlands in the preferred trot.**

For his career, JL Cruze has won 37 of 104 races and \$1.46 million. His most memorable victory came at The Meadowlands in 2015 when he captured the Graduate Series championship in 1:49.4 to become the first trotter to go faster than 1:50 in Big M history.

He was limited to six races in 2018 because of surgery for a twisted intestine but returned last year to win six times and earn \$100,720. He made all but one of his 26 starts at either The Meadowlands or Hoosier Park and Ell plans to keep JL Cruze on the big tracks again this season.

The gelding is owned by Ken Wood, Bill Dittmar Jr., and Steve Iaquina.

"We didn't stake him last year because we didn't even know how he would be," Ell said. "We just did the overnights and he ended up making a hundred (thousand dollars) that way. He's getting pretty long in the tooth now. He's still competing well, but I don't know how well he would take all the shipping (on the Grand Circuit). But the time off might have helped him. He's been really good."

As for what JL Cruze has meant to Ell, well, he's still the man.

"Words can't say," Ell said. "I've had a lot of open horses that I've trained in my life, but never a world champion like him. He's just a tough rascal."

Racing begins at 7:15 p.m. (EST) Saturday at The Meadowlands. For complete entries, [click here](#).

## Ontario Racing announces new Ontario Sired series for 2020

Ontario Racing, in association with participating Ontario racetracks, today announced a new pilot project stakes event for the 2020 standardbred season, open to Ontario Sired 2- and 3-year-old horses.

The Prospect Series, to be contested at racetracks throughout the province, is available to 2- and 3-year-olds sustained to the Ontario Sires Stakes program.

"It is vital to have a strong and vibrant Ontario Sired stakes program," said John Hayes, independent chair, Ontario Racing. "This series provides owners and trainers the chance to showcase rookie and sophomore Ontario Sired hopefuls to compete for quality purses, while delivering horseplayers attractive wagering opportunities."

Commencing in May and offering five legs, worth \$6,500 each (plus starting fees), the Prospect Series concludes with a \$15,000 final – to be contested at Grand River Raceway – for each of the eight divisions.

The starting fee for the Prospect Series is \$100.

"Hopefully, this program will provide entertainment for tracks involved and an opportunity for Ontario Sired horses to achieve a higher level of success," said Ian Fleming, Ontario Racing board member, and race secretary for centralized Ontario race office.

The Prospect Series races are subject to the same Grassroots and Gold terms/conditions, with race entry occurring prior to the respective Grassroots or Gold race. Trainers will be afforded the opportunity to enter the Grassroots or Gold race if there are not sufficient entries to card the Prospect Series event.

"This is an excellent platform in which to shine the spotlight on the lucrative Ontario Sired program offered," said Katherine Curry, executive director, Ontario Racing Management. "It is another reason for fans, owners, breeders and racetrack operators throughout the province to look

forward to an exciting year of standardbred racing in Ontario."

In keeping with its commitment to support a healthy Ontario Sired program, in 2018, Ontario Racing, in partnership with The Raceway at Western Fair District and Flamboro Downs, unveiled a pair of Late Closing Stakes, the Autumn Series and Harvest Series, for Ontario Sired 2- and 3-year-old standardbreds.

The Ontario Sires Stakes and Prospect Series schedules will be released later today (Jan. 31).

## Mohawk Park introduces Ontario Sired Spring Series

Woodbine Mohawk Park will play host to a new series for Ontario Sired 3-year-old pacers and trotters this April and May.

The Ontario Sired Spring Series will debut for 3-year-olds, who were non-winners of \$30,000 in 2019. There will be an event for each 3-year-old division, with each event consisting of two preliminary legs and a \$40,000 added money final.

The series starts on Thursday, April 16 with fillies competing, while the next night colts and geldings will contest their first leg.

All four \$40,000 added money finals will take place on Saturday, May 2.

Nominations close Monday, March 16, 2020.

## Straatman elected chair of Standardbred Canada

On Thursday (Jan. 30), Standardbred Canada elected its officers and executive committee for 2020.

Ann Straatman of Lucan, ON was elected chair of Standardbred Canada. Straatman will serve her first term as SC chair, replacing Mark Horner.

Straatman is the reproduction manager at Ontario's Seelster Farms. With more than 25 years in this position, Ann,

her sister and her cousin are the third generation currently managing Seelster. Her areas of responsibility include stallion acquisition, syndication and management; mare reproductive management, mare contracts and client liaison.

In addition to her role with Seelster, Straatman is also the current sale manager of the London Selected Yearling Sale, a collaboration between Standardbred Canada and Forest City Standardbred Sales Inc (FCSS). A director of FCSS since 2002, Straatman has been closely involved with the execution of the selected yearling sale as both an owner and a major consignor. Straatman's responsibilities include everything from arranging yearling inspections, consignor contracts, catalogue preparation to sale advertising and customer service.

Though Straatman has worked at Seelster Farms for her entire career, she did take time away to complete her post-secondary education. After four years at the University of Guelph, Straatman earned a degree in zoology and in statistics.

Straatman just completed her second three-year term as a breeder director of Standardbred Canada from 2017 to 2019, previously serving in that capacity from 2011 to 2013. She's also the chair of the board of governors at the Western Fair District; chair of the Western Fair Raceway Corporation; a member of the Standardbred Breeders of Ontario Association (SBOA) and a member of the Central Ontario Standardbred

Association (COSA).

The 2020 executive committee was also elected to serve a one-year term:

- Ann Straatman (chair of the board)
- Jim Whelan (vice-chair)
- Gerry Belore (chair of breeders committee)
- Mark Horner (past chair)
- Lee Drake (executive committee member)
- Ian Fleming (executive committee member)
- Richard Veilleux (executive committee member)
